

# Changes to services from Friday 24 May 2019

From 8PM Friday, 24 May 2019, OurBus services will cease operations in the Carlingford, North Rocks and Epping areas.

Transport for NSW has been trialling a range of On Demand models across Sydney, Newcastle and the Illawarra to learn as much as possible about providing flexible transport services, with data from the program to be used to inform improvements across the entire network.

The OurBus trial commenced services in January 2018 as part of the NSW Government's On Demand Transport Pilot Program and has provided valuable learnings for Transport for NSW to implement in future On Demand Transport services in The Hills.

We would like to take this opportunity to thank you, our valued customers, for sharing this journey with us. Your participation has assisted in evolving future transport services available for Sydneysiders.

If you have any enquiries or want to provide feedback on the Carlingford, North Rocks and Epping On Demand Transport service changes, you can contact us by calling 131 500 or by completing the feedback form at [transportnsw.info](http://transportnsw.info).

With thanks,  
OurBus Team
